

PENETANGORE REGIONAL
ECONOMIC DEVELOPMENT CORPORATION

FOR IMMEDIATE RELEASE

PREDC Thanks Council for its Continued Support

KINCARDINE, Ontario (Thursday, March 20, 2104)

The Penetangore Regional Economic Development Corporation (PREDC) is pleased to announce the receipt of confirmation from the Municipality of Kincardine (MOK) that the Municipality has approved funding for 2014/2015. Council approved the amount of \$140,000.00 plus HST as the amount for the Service Contract for the period July 1, 2014 to June 30, 2015. PREDC fulfils the Economic Development Services mandate for the Municipality of Kincardine and surrounding area. PREDC also has other partnerships for Economic Development efforts that provide additional funding for those activities.

Mense “Jim” Prenger President and Chair of PREDC stated: “I am very pleased with council’s decision to continue to financially support the Economic Development initiatives of PREDC. We at PREDC are excited about the future of Kincardine and the surrounding area. We have a unique setting with Bruce Power as a strong base for employment and ancillary businesses. We also are an excellent tourist destination and have a renowned agricultural industry. All are factors for a sustainable and vibrant community. We believe in continuous improvement and encourage and promote businesses and individuals to consider our area as the destination to expand their opportunities. The ongoing commitment by MOK allows PREDC to complete its process of hiring an Executive Director with confidence that we will be able to proceed with our initiatives. Our thanks to Council for its continued support.”
